Inspectorate

This lop-eared rabbit was handed to SPCA following a cruelty investigation as the owner couldn't afford to bring her to a veterinarian. We treated "René" for her eye infection, trimmed her teeth and groomed her. Thanks to volunteer fosterers Poh Choo and Cheryl for providing the necessary aftercare. René has since been adopted!

Adoption Spotlight

Sweet, loveable Ida has been with us for more than 4 years. It's time this truly wonderful 7-year-old cross-breed found the home she deserves.

Animal Rescue

Early one March morning, this poor woodpecker was found caught in string, dangling from a tree on Alexandra Road. Our Animal Rescue Officer carefully untangled the handsome fella, fed him some water and released him. We wish you well our colourful friend!

Education

These little ones from Tanglin Trust School came to the SPCA last afternoon! They made a promise to love all animals! Little ones they may be, but they made great efforts in putting together a wonderful hand-drawn calendar which they sold in their school and raised funds for the SPCA! Thank you Tanglin Trust School for your support and love for animals!

Happy Ending

We adopted sweet little Gideon (renamed Carlo) in April. He has had a tough start to life. I convinced the SPCA to let me bring him home to nurture him. He is doing really well, uses his voice, plays, and does all those cute kitten things. He is developing confidence to explore the house and responds to his name. A lot can be said for gentle words and a soothing touch and we are so delighted to have him as a part of our family. - Tania Grose-Hodgetoo
