SPCA

CORPORATE PROGRAMMES

Animals have a positive effect on our mental health, reducing stress and anxiety, improving overall mood, and increasing feelings of happiness and well-being.

With growing concerns about workplace health and wellness, the SPCA's Corporate Wellness Programme aims to bring the joy and comfort of animals to your workplace.

Find out more about how you can support the SPCA.

CORPORATE WELLNESS PROGRAMME SUIT YOUR TEAM'S NEEDS

Enhance your team's well-being with mental health professionals and training organisations as we provide educational sessions, seminars, and interactive workshops to create a space where people can find comfort and healing through their interactions with the animals in our care.
