

The SPCA Singapore is looking for our FRIENDS FOR LIFE!

We have always needed, and are still in need of, help in providing various animal welfare services to the community,

These services include, and not limited to:

- animal cruelty investigations
- a clinic for community stray and abandoned animals
- public education programmes for schools and organisations
- a 24-hour emergency service for sick, injured and very young animals, and, last but not least,
- running an animal shelter and supporting quarantine for unwanted, abused and abandoned animals

As we are neither a government agency, nor a profit-driven organization, we rely solely on kind and generous donations from our supporters to help us in our work. Just as important to us, if not more, is the endorsement of all our supporters, be they donors and/or members, all of whom matter to our continued growth and ever-increasing role in fighting for the rights and welfare of animals.

With every little thoughtful gesture, a difference is already made — to running our shelter, caring for the animals in need, and advocating the message of being kind to animals. Come be a valued part of our ever-growing member base, all united in the want to take the animal welfare cause further!

As an organization with a clear mission and a heart, and also one that is forward-looking and progressive, we would also be making our membership scheme that extra special to enrich the lives of our members. Our members will learn more about the animal welfare situation and the group that needs that help the most — the animals! But, we need to start right there — in the heart!

Your support matters in helping us uphold animal welfare and minimize cruelty to animals!
Love animals as much as we do? Come join the one cause that needs you — after all, it's the abandoned, the abused and the defenseless that need your voice — and your help.
